• General Studies Elective in Arts.....	6
• Information Technologies for Knowledge Construction.....	6
• Anatomy and Physiology.....	6
• Clinical Biochemistry.....	6
• Embryology and Genetics.....	6
• Histology.....	6

Semester 5

• General Studies Elective in Behavioral Sciences.....	6
• Operative Dentistry Clinics II.....	3
• Bioethics in Health Science.....	6
• Endodontics.....	6
• Dental Extraction.....	6
• Periodontics.....	6
• Prosthesis.....	6

Semester 2

• Foreign Language II.....	6
• Academic Reasoning.....	6
• General Studies Elective in Math.....	6
• Dental Anatomy.....	6
• Cellular and Molecular Biology.....	6
• Physiology.....	6

Semester 6

• Endodontics Clinics.....	3
• Dental Extraction Clinics.....	3
• Periodontics Clinics.....	3
• Prosthetics Clinics.....	3
• Prosthodontics.....	6
• Public Health and Epidemiology in Health Sciences.....	6
• Selected Topics I.....	6

Semester 3

• Foreign Language III.....	6
• Academic Writing.....	6
• Dental Anesthesiology.....	6
• Preventive and Community Dentistry.....	6
• Oral Pathology.....	6
• Dental Material Laboratory.....	3
• General Pharmacology.....	6
• Microbiology and Parasitology.....	6
• Introduction to Health Sciences.....	6

Semester 7

• Maxillofacial Surgery.....	6
• Prosthodontics Clinics.....	3
• Pedodontics.....	6
• Orthodontics.....	6
• Oral Rehabilitation.....	6
• Health Psychology.....	6
• Selected Topics II.....	6

Semester 4

• General Studies Elective in Natural Sciences.....	6
• Dental Radiology.....	6
• Occlusion.....	6
• Clinical Immunology.....	6
• Nutrition and Metabolism.....	6
• Operative Dentistry Clinics I.....	3

Semester 8

• Maxillofacial Surgery Clinics.....	3
• Pedodontics Clinics.....	6
• Geriatric Rehabilitation Clinics.....	3
• Oral Rehabilitation Clinics.....	6
• Orthodontics Laboratory.....	3
• Research Methodology in Health Science.....	6
• Selected Topics III.....	6
