

The UDLAP orientates its efforts in providing a high level educational service, through the integral formation of its students and a multicultural environment based on the respect and international understanding.

All curricula have the Official Recognition of Validity (RVOE) awarded by the Ministry of Public Education and are recognized by several universities in Latin America, Europe and the education system of the United States of America.

Our students can do part of their studies abroad and broaden their horizons or access professional practice abroad, making the field of training and professional development of students more extensive and varied.

Additionally, there is the Accreditation of Bachelor's degrees by COPAES (Consejo para la Acreditación de la Educación Superior, A. C.), by CIEES (Comités Interinstitucionales para la Evaluación de la Educación Superior, A.C..) as well as other International instances.
